

Newsletter #2 - Made At Dainolite

Made At Dainolite

Since our inception in 1987, we have taken great pride in welding, bending, painting, and fabricating almost all Dainolite products in-house. In addition to our wide selection of products, we offer custom lighting solutions designed to fit your unique needs. Our team is made up of some of the most talented lighting designers in North America, and we are committed to helping every client find their perfect lighting fixtures to help bring their vision to life.

Custom Lighting Solutions

Our commitment to high-quality, Canadian made lighting is why we've become known as one of Canada's premiere custom lighting manufacturers, with notable commercial Canadian clients including Tim Hortons, David's Tea, Paramount Restaurants, and Goodlife Fitness.

In addition to being made by local craftsmen, our local production allows for quicker turnaround times compared to the average custom lighting manufacturer. We perform all the wire bending, welding, painting, fabric cutting, and assembly in-house to make sure your custom design is built to your specifications.

At Dainolite, your options for custom lighting materials are endless. Choose from a variety of [fabric swatches](#) and [metal finish swatches](#) to create your dream fixture. Check out some of our favourite [custom designs](#) to get inspiration for your next project.

Best Selling Items

As the leader in contemporary designed lighting in North America, we at Dainolite take pride in crafting high-quality lighting fixtures that illuminate and enhance the ambiance of any space. Today, we want to highlight our best-selling products, which have been highly praised and loved by our customers.

Check Out Our New Website

We're excited to announce the official launch of our [new website](#)! Our goal is to provide you with an exceptional online experience, with a modern website designed to showcase the quality of our products. We've also made navigating our website easier than ever before. Our new layout and user-friendly interface have been designed with your convenience in mind. Additionally, we've added a number of exciting features, such as our production video, to brighten up the space and offer you a more immersive experience.

We encourage you to explore our new website and discover all that Dainolite has to offer.

Whether you're searching for a new pendant light, a wall sconce, or any other type of contemporary lighting fixture, we're confident that you'll find the perfect addition to your space with us.

Follow our [Instagram](#) or [Facebook](#) to stay up to date with our latest custom lighting projects, or [chat with us](#) today!
