

Newsletter #4 – New Supplement Catalogue

New Supplement Catalogue has arrived!

We're thrilled to announce the launch of our brand-new 2023 Product Catalogue! This comprehensive catalogue is packed with an extensive range of our latest lighting solutions, designed to meet your every need. Whether you're looking for stylish and modern lighting fixtures for your home or functional and energy-efficient lighting for your business, our new product catalogue has it all. You can browse through our catalogue with ease and explore our wide range of products, from pendant lights to chandeliers, wall sconces to floor lamps, and much more.

Check out the full catalogue [here](#) and discover the latest in the world of Dainolite lighting.

BATTERY-OPERATED LIGHTING

Battery-operated lights offer many benefits - they are more energy-efficient, last longer, and provide a consistent level of light. Here's one of our current favourites, Outdoor Battery Powered Table Lamp:

TSY-113LEDT-MB
2.5W Table Lamp, MB w/ Color Change

HOSPITALITY LIGHTING

Light fixtures can set the tone for every space, which is why it's important to make sure that you choose the right lighting solutions that complement your décor. We offer a wide range of hospitality lighting options that are perfect for hotels, restaurants, and other commercial spaces. From elegant chandeliers to sleek pendant lights, our hospitality lighting solutions are designed to elevate the atmosphere of any space.

SPRING CLEAN YOUR LIGHTING

With spring in full swing, it's time to roll up your sleeves and give your home a thorough cleaning. But don't forget to show some love to your lighting fixtures! Proper care can help prolong their lifespan and brighten up every room in your house. So, we're sharing five tips to help you spring-clean your lighting fixtures like a pro:

1. **Dust Regularly:** Dust buildup can make your lighting fixtures look dull and reduce their effectiveness. Use a soft cloth or feather duster to regularly remove the dust. For hard-to-reach places, an extendable duster or a step ladder can be helpful.
2. **Clean the Glass Shades:** Over time, glass shades can accumulate dirt, stains, and fingerprints. Use mild soap and warm water with a soft cloth to blot away any stains. Avoid using harsh chemicals or abrasive materials that can scratch or damage the glass.
3. **Clean Metal Details:** Metal details around the lights can collect dirt and grime. Use a surface cleaner specially formulated for the type of metal to remove any marks or stains. Be careful not to use abrasive materials that could scratch or damage the metal.
4. **Replace Bulbs:** Burnt-out bulbs can damage your fixture or pose a fire risk. So, replace them as soon as possible to keep your lighting fixtures safe and functional.
5. **Schedule Regular Maintenance:** Consider scheduling regular maintenance with a professional electrician or lighting expert. They can perform a thorough inspection, clean your fixtures, and spot potential issues before they turn into bigger problems.

By following these simple tips, you can ensure your lighting fixtures stay in tip-top condition for years to come.
